

OIT # 0730-86
20 August 1986

MEMORANDUM FOR: Director of Personnel

FROM: Edward J. Maloney
Director of Information Technology

SUBJECT: New Retirement System

EJM
1. There is considerable interest within the Office of Information Technology about the specifics of the new retirement system. A number of employees, myself included, have a personal stake in understanding this system. I would appreciate it if you would have one of your people provide about a thirty-minute briefing at one of my staff meetings in the near future. While I understand that the implementation of these regulations has yet to be worked out by OPM and the Agency, I would nevertheless like to receive as much information as possible about the system so I can pass it along to the OIT employees.

2. In particular, it would be helpful if the briefing included a comparative evaluation of the new system and the old, from the standpoint of CIARDS as well as non-CIARDS. My weekly staff meetings are held at 4:00 p.m. on Thursdays. If this time presents a problem, I will be glad to make other arrangements. The OIT point of contact in arranging the briefing is [redacted] Chief, Management and Consulting Group, [redacted]

[redacted]
Edward J. Maloney
